

EDUCATE TO END POVERTY

Education empowers

A single year of schooling can increase women's wages by 10-20%.

Education saves lives

7 million cases of HIV/AIDS could be prevented in the next decade if every child received an education.

Education builds the future

Children born to literate mothers are 50% more likely to survive past the age of five.

"Education is the most powerful weapon that you can use to change the world."

Nelson Mandela
